

Leonardo Gabriel Taquini

Fullstack Developer · AI & Automation

✉ leonardogtaquini@gmail.com
☎ +54 370 407-6787
📍 Formosa, Argentina

PROFESSIONAL PROFILE

Higher Technician in Multiplatform Software Development with over 5 years of programming experience. Specialized in the MERN stack and Java Spring, with a growing focus on AI integration and workflow automation. I combine solid development fundamentals with the strategic use of AI agents and tools (Claude Code, GitHub Copilot, OpenAI Codex) to efficiently plan, structure, and accelerate software delivery.

PROFESSIONAL EXPERIENCE

Fullstack Developer · Secretariat of Science and Technology – Government of Formosa

January 2025 – Present · Formosa, Argentina

- Development and maintenance of web applications using the MERN stack and Java Spring Boot.
- Implementation of automation workflows with n8n to optimize internal processes.
- Use of AI agents (Claude Code, Copilot, Codex) to accelerate planning and code generation.
- Collaboration with multidisciplinary teams on public technology projects.

Research Member – R&D Group · Instituto Politécnico Formosa

January 2025 – December 2025 · Formosa, Argentina

- Participation in applied research projects in the software development field.
- Analysis and documentation of technology solutions tailored to regional needs.

Teaching Assistant – Databases · Instituto Politécnico Formosa

January 2025 – Present · Formosa, Argentina

- Led practical sessions on relational modeling, SQL, and database management.
- Designed exercises and assessments for Software Development students.

TECHNICAL SKILLS

AI & Automation	Claude Code, GitHub Copilot, OpenAI Codex · n8n (workflow automation) · Prompt engineering & agent-based planning
Frontend	JavaScript, TypeScript, HTML5, CSS3 · React, Next.js, Tailwind CSS, Material UI, Shadcn · Bootstrap
Backend	Node.js, Express, NestJS · Java, Spring Boot, Spring Security, Maven
Databases	MongoDB, MySQL, PostgreSQL · Mongoose, Sequelize
Python	Pandas, NumPy, Matplotlib · Jupyter Notebooks · Web Scraping

EDUCATION

Higher Technician in Multiplatform Software Development · Instituto Politécnico Formosa

March 2023 – December 2024 · Formosa, Argentina

High School Diploma – Humanities & Social Sciences · E.P.E.S. N° 54 Gobernador Juan José Silva

2009 – 2015 · Formosa, Argentina

COURSES & CERTIFICATIONS

TypeScript: Tu completa guía y manual de mano

DevTalles · 2024

Programación Web Full Stack

Egg Educación · 2021–2022

JavaScript Algorithms and Data Structures

FreeCodeCamp · 2022

Universidad Desarrollo Web – Web Developer

Udemy · 2021

Responsive Web Design

FreeCodeCamp · 2020–2021
